MENTOR-MENTEE DYNAMICS

SESSION-2018-2019

Mentoring is a sacred process aimed at creating a holistic individual, a mentee who blossoms into a proficient human ready to face the challenges of life. The mentor cultivates in his/her mentee all those skills and qualities required to succeed in life. Mentorship experience and relationship structure affect the amount of psychosocial support, career guidance, role modeling, and communication that occurs in the mentoring relationships in which the mentees and mentors are engaged. SPS Janta College recognizes the dire need of this dynamics.

For the session 2018-2019 the following teaches have been assigned the mentoring responsibilities to prepare the mentees for their success in life. The guidelines and tentative areas of interaction have been circulated separately.
